Holmistic "Lane provides practical tools to help pastors deliver engaging messages. Anyone who preaches or teaches will benefit from this book." -Mark Batterson, New York Times bestselling Author of The Circle Maker, Lead Pastor of National Community Church. Today's audiences are more distracted than ever, but sermons can only be effective if people are listening. You have to capture people's attention. But how? In Preaching Killer Sermons, author and pastor Lane Sebring reveals practical preparation and delivery techniques that will enable you to better connect with your listeners. Discover how to: -Capture and maintain the interest of your listeners -Structure each sermon for the greatest impact -Maximize your prep time on a tight schedule -Overcome distractions & communicate with clarity -Inspire people toward life-change If you want to discover practical methods to communicate clearly every time you preach, this book is for you. What church leaders are saying about Preaching Killer Sermons: Lane has written a very helpful, practical book for preachers and teachers. I think there are two great sins in preaching: misusing the text and boring your audience. In teaching pastors and seminary students, I find there are plenty of resources and attention given to avoid the first great sin. But there is a lack of resources on how not to bore people. And too many preachers feel that if they have rightly divided the Word of Truth, they have done everything God requires them to do. I think accuracy and effectiveness are equally important in preaching. Preaching Killer Sermons is a great resource to help pastors truly be effective in communicating the powerful truth of God's Word. I plan to start using this with the preaching students I teach. -David Whiting, Executive Search Consultant, Vanderbloemen, former Lead Pastor, Northridge Church, Rochester, NY The hardest thing I do each week is not leadership development or pastoral care - it's crafting a message which will communicate truth in an engaging and impactful way. I genuinely want to get better at what I believe is God's greatest call on my life. I'm thankful for Lane's heart to help us be better preachers. I'm thankful for this book. -Ron Edmondson, Senior Pastor, Immanuel Baptist Church, Lexington, KY, Church leadership blogger, RonEdmondson.com Pastor Lane Sebring has done an outstanding job of reverse engineering the "great sermon." His efforts will help all who preach to preach better prepared sermons, and become better prepared communicators. Preaching Killer Sermons should be included reading homiletics courses around the world. -Brett Fuller, Senior Pastor, Grace Covenant Church, Chantilly, VA Chaplain, Washington Redskins If you are a communicator in the local church you need to pick up this book. Lane brings practical insights and helpful encouragement on every page. Pick it up and apply the lessons contained within. -Rich Birch, seminary, Executive Pastor, Liquid Church, Mountainside NJ The concepts Lane shares in this book have helped sharpen my effectiveness in communicating the content of God's inerrant Word! I would highly recommend this book to both the novice and the experienced preacher. -Dr. Billy Ross, Senior Pastor, Centreville Baptist Church, Centreville, VA Trustee, The Southern Baptist Theological Seminary I serve on a teaching Team with Lane, so I watch him live out Preaching Killer Sermons each week. Lane’s heart is to communicate God’s Word in culturally relevant and engaging ways. Now he’s sharing his passion in a book full of practical tools to help preachers (and teachers/speakers) to preach better. You’ll hear his heart as he challenges you to examine and refine your own preaching habits. -Elaine Bonds, sought after speaker, Graduate, Proverbs 31 She Speaks and CLASeminars

One Year to Better Preaching

Preaching the Whole Counsel of God Have you ever wanted to just read the spiritual parts of the Book of Mormon rather than the wars? After reading Prince Malkijah, the Missing Chapter of Book of Mormon History, Geography, and Prophecy (2017) readers will appreciate how unnecessary their wars were. This book is meant to quickly get readers to the spiritual parts - without the need to wade through the devastating and uninspired wars - so they can drink from the Fountain of Living Water (John 4:10) without distraction.

Design for Preaching Buttrick presents a complete homiletic that focuses on how sermons form in consciousness and how the language of preaching functions in the communal consciousness of a congregation. His "phenomenological" approach marks a sharp departure from older homiletics.

Narrative Preaching The Preacher's Handbook: 50 Tips Guaranteed To Make You A Better Preacher is for new and beginning
preachers who want to sharpen their skills by learning tips that seasoned preachers know and for seasoned preachers who need a refreshing and training tips for their pulpit ministry.

The Four D's of Preaching Definitions Design Delivery Destination Providing fundamental homiletical principles, this classic book gives readers all the tools they need to prepare a meaningful sermon. "Sermon design"—James Massey's contemporary, creative approach to shaping specific classifications of sermons—focuses on order (What is the preacher's goal? What message is he or she trying to communicate?), the plan (What structure is he or she using? Does it make sense?), and the delivery (Does it work? Is it effective?). The book then concludes with an appraisal of the sermon in context—in relation to goals, design, basic forms, contemporary concerns, and the "why" of it all. Dr. Massey's specific forms for designing sermons include the narrative/story sermon—a subject which is receiving renewed interest today; the textual–expository sermon; the doctrinal/topical sermon; and the special occasion sermon, for which he has chosen the topic of the funeral. Suggestions are included for studying the methods of master preachers as a resource for more effective preaching. And three of the author's own tested sermons are used as illustrations of sermon design possibilities.

The Compelling Communicator People looking for a church home value good preaching most of all—as shown by a recent Pew Research study. While tasty coffee, edgy technology, and flashy worship services are effective, if visitors don't hear inspiring sermons they will not come back to your church. The lesson is clear: if you want to attract people to your church you must make preaching your number one priority. Now that's a strategy for church growth! If great preaching is essential to church growth, how does one become a great preacher? This book will show you how. Charley Reeb shows why so many potential preachers must learn the art to their craft. He introduces the critical characteristics of effective sermons, how to capture the attention of the listener, the best method for having maximum impact with a sermon, and many other helpful ways to be an effective preacher.

Cyclopaedia of Biblical, Theological, and Ecclesiastical literature: The power of an intriguing story can not only captivate an audience, but when presented in a familiar and personal way, can communicate important truths. With this realization, Steven Mathewson offers here a guide to applying careful expository preaching methods to popular Old Testament stories. Mathewson guides students and preachers through a ten-step process from text selection to sermon delivery. Mathewson then provides sample sermons and interviews of from five individuals, including Alice Mathews and Haddon Robinson. This book contains a number of pedagogical features—diagrams, figures, and two appendixes. Seminary students, professors, and pastors will appreciate this valuable tool for refining their narrative preaching skills.

Biblical Preaching You attend numerous presentations and meetings a year—filled with the typical dense and disorganized PowerPoint decks—and leave most of them thinking, "Well, that's an hour of my life I'll never get back." But out of this sea of mediocrity, a rare few rise up, captivating you and driving you to action. What makes these few so special? Despite what most people think, it's not because they were delivered well. It's because they were crafted in a way that deeply aligned with how your brain wants to consume information. The presentations that failed did so precisely because they violated the largely unknown "natural laws" of learning. In The Compelling Communicator, you will learn a proven process for designing presentations that touch your audience in a highly impactful way. * Building around a small number of big ideas that will lead to action * Keeping content within the audience's "brain bandwidth" * Developing logical narrative structure * Anchoring communication in the listener's priorities * Creating "mind-sticky" storytelling and visuals * Producing handouts that allow your presentation to live on after the handshakes filled with examples of exceptional—not so exceptional—presentation strategies, and clear explanations of why they do and don't work. This comprehensive guidebook provides every tool you need to become a standout presenter whose message is certain to leave a powerful, lasting impression.

You Can Preach to the Kids, Too! Studies in the Theory and Method of New Testament Textual Criticism The Seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text. Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism, followed by sections of essays on these topics: definitions of key terms; critiques of current theory and method; methods of establishing textual relationships; studies of the papyri with respect to text-critical method; and guidelines for the use of patristic evidence. --From publisher's description.

Preaching Preaching today all too often tragically misses the point. We've all heard sermons that sound more like a lecture, filling the head but not the heart. And we've all heard sermons tailored to produce an emotional experience, filling the heart but not the head. But biblical preaching both informs minds and engages hearts—giving it the power to transform lives. By the Spirit's grace, biblical preaching brings truth home from the heart of the preacher to the heart of the hearer. Joel Beeke—a pastor and professor of preaching with over four decades of experience—explores the fundamental principles of Reformed experiential preaching, examining sermons by preachers from the past and bridging the historical gap by showing what the preaching of God's life-transforming truth looks like today.

Hints on Preaching: designed for the use of the younger Clergy, etc The Challenge of Preaching 360-Degree Preaching Text-Driven Preaching Features essays by Daniel L. Akin, Paige Patterson, David Alan Black, Jerry Vines, John Stott, David L. Allen, Bill Bennett, Ned L. Mathews, Robert Voges, and Jim Shaddix urging pastors to commit to presenting true expository preaching from the pulpit. Concerned over what some church leaders even consider to be expository preaching today, they agree, "This book rests firmly on the biblical and theological foundation for exposition: God has spoken." Capturing the urgency and spirit of these writings in the book's preface, co-editor Allen notes, "The church today is anemic spiritually for many reasons, but one of the major reasons has to be the loss of biblical content in so much of contemporary preaching. Pop psychology substitutes for the Word of God. . . . in the headlong rush to be relevant, People magazine and popular television shows have replaced Scripture as sermonic resources."

Homiletic The Shape of Preaching As the church in Africa continues its growth, there is a pressing need for resources on what the church is, and how it should function. Using 30 years of pastoral service in Luaka, Zambia, Conrad Mbewe applies biblical principles to help bring depth and maturity to African church leaders.

Designing the Sermon

Sunday’s Sermon for Monday’s World “The Bible is what God has made. Sermons are what we make with what God has made.” This is the foundation for developing expository messages, according to Ramesh Richard. His method, explained in Preparing Expository Sermons, has been field-tested in training seminars for thousands of preachers around the world. Richard’s book is a simple do-it-yourself resource for developing and preaching expository sermons. It guides the reader through a seven-step process, with many practical suggestions and illustrative charts along the way. In addition, there are eleven appendices that include information on: o how to choose a text o preaching narratives o understanding your audience o forms of sermon introduction A comprehensive sermon evaluation questionnaire is included as well. Preparing Expository Sermons, an updated and expanded version of Scripture Sculpture, is ideal for beginning preachers, lay preachers without formal training, or any pastor who is looking for a refresher course in expository sermon preparation.

Power in the Pulpit

12 Essential Skills for Great Preaching Many preachers are aware of the presence of children in Sunday morning worship and wish to include them effectively in worship, but have a hard time figuring out how to do so. Preachers who are unhappy with children's sermons in general and all the books of printed children's sermons in particular are looking for a theologically and educationally sound approach to preaching to congregations that include children. This practical guide for preachers is a varied look at his own experiences and helps for making any sermon one that is suitable for both children and adults. The author includes an introductory chapter on the importance of children’s participation in worship during their elementary school years as part of their faith development. The chapter concludes with a discussion of how children “listen” to a sermon and the importance of planning for children in preparing sermons.

The Art of Preaching Old Testament Narrative The call to preach is just that- a call to preach. The call to preach, however, is more than just preaching. The call to preach is a call to prepare. Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work. God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers. Join Dr. Jerry Vines and Dr. Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in Power in the Pulpit. This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education. Thus, Power in the Pulpit is a practical preaching help from a pastoral perspective in the tradition where a theologian and an education. The author includes an introductory chapter on the importance of children’s participation in worship during their elementary school years as part of their faith development. The chapter concludes with a discussion of how children “listen” to a sermon and the importance of planning for children in preparing sermons.

Preaching Killer Sermons Preaching the Whole Counsel of God is a primary textbook on the art and science of preaching for pastors and pastors-in-training that teaches you how to practice expository, Christ-focused hermeneutics, combined with Gospel-centered, audience-transforming homiletics. It will guide you to: Discover the truth of the text according to the human author. Discern Christ in the text according to the divine author. Design your sermon with truth, goodness, and beauty. Deliver your sermon in a way that keeps attention, retention, and leads to transformation.

The Preaching, Prophecies, and Revelations of the Book of Mormon More and more pulpits are occupied by motivational speakers rather than preachers. Church congregations are not being given a comprehensive, biblical understanding of the faith. Dr. Conrad Mbewe, a pastor in Zambia, tackles issues such as the content of pastoral preaching, how pastoral preaching relates to church life, finding the time to prepare pastoral sermons, and dealing with discouragement. Throughout the book, it is clear that the author’s conviction is to see preachers grow strong churches, to build a people for God.

Design for Preaching What can preachers do to help congregants navigate everyday life with the courage, imagination, and savviness to take steps in the direction of God’s mercy and justice? Christianity’s witness depends on credible Christian lives carried out in ordinary settings of everyday life. Sunday’s Sermon for Monday’s World helps preachers design sermons that equip believers to act with improvisational, creative courage in the ordinary settings of their lives. How can we who preach inspire the “ordinary prophets” of our time—who, in Christ’s name, will act in great or small ways as agents of redemptive interruption? Sally A. Brown, with her extensive experience both in parish ministry and training others for ministry, shares preaching strategies that equip these ordinary prophets to take daring action. Brown begins by reconsidering the power and limits of the missional model of Christian witness and argues that Christian witness today must be adaptive, and therefore imaginative and improvisational. She then turns to the connection between the sermons our listeners hear on Sunday and their capacity to timely, inventive action in everyday situations. Sunday’s Sermon for Monday’s World will inspire both preachers and those who listen to them to move from sanctuarity to street, week after week, eager to discern and participate in the ongoing, redemptive work of God already underway among the ordinary scenes and settings of their Monday-to-Saturday lives.
Preparing Expository Sermons

While admitting particular parameters and priorities for Roman Catholic preachers, this volume was intentionally envisioned as a handbook for “catholic” preaching in the broadest and most universal sense of that term. Co-sponsored by the Catholic Academy of Liturgy, the Catholic Association of Teachers of Homiletics, and the Federation of Diocesan Liturgical Commissions, it covers the role of the Scriptures in preaching, the challenges of preaching in a digital age, sermonizing in an interfaith context, and the need for a liberative and prophetic word that cuts across denominations and even faith traditions. Intended to aid those who teach or direct the preaching arts, the design and writing style of this book are particularly calibrated to graduate students in ministerial studies. Every article is a self-contained overview of a particular historical period, genre of preaching, homiletic theory, or contemporary issue. This more encyclopedic approach—devoid of footnotes, yet supported by pertinent bibliography and an extensive index—provides a sufficiently rich yet thoroughly accessible gateway to major facets of the preaching arts at this stage of the twenty-first century. 12 Essential Skills for Great Preaching

One Year to Better Preaching provides preachers with fifty-two hands-on exercises that sharpen their homiletical skills. The book is designed particularly for those who preach each week—and have been, perhaps, for some time—to help them get out of the rut of the routine and infuse their preaching with new sparks of creativity, fresh approaches to sermon preparation and design, and sharpened verbal and nonverbal communication skills. Novice preachers, also, will find the exercises useful in developing their preaching abilities. Each chapter includes instructions for an exercise, tools and suggestions needed for the exercise, comments from preachers who completed it, and recommended resources for further study. The exercises address eight categories of homiletics: • Prayer and Preaching • Bible Interpretation • Understanding Listeners • Sermon Construction • Illustrations and Applications • Word Crafting • The Preaching Event • Sermon Evaluation Readers can complete the exercises in the order presented, which address different categories week to week, or they can sharpen their skills in a particular category over a period of weeks by using the chart provided. They might also work through the exercises in collaboration with other preachers. One Year to Better Preaching will leave a preacher reinvigorated and better equipped to proclaim the Word of God skillfully, passionately, and effectively.

God’s Design for the Church

Many pastors are just too busy to follow the latest theories on preaching and sermon form. In The Shape of Preaching, Dennis M. Cahill seeks both to educate the working pastor on the current issues of sermon design and enable them to use this design in a way that can change their preaching. After first laying the theoretical groundwork with discussions of the theological, cultural, and literary roots of the new approaches to sermon design, Cahill expertly guides the preacher through a practical process for designing sermons that speak to people in the world today.
